Sub: Information sought under Right to Information Act, 2005 - regarding

Sir,

With reference to the RTI application dated 08/09/2025 and received by this office on 12/09/2025, it is to state that your application is not supported with any Money order receipt of requisite fee of Rs.10 as stated by you in the application. In order to inform you I had called you twice to remove this lacuna from your application so that it can be entertained and information if permissible, be provided. However, you have not picked/ attended the call of undersigned. Further we kept waiting till now regarding receiving the fee but not yet received and neither you belong to BPL category.

Hence your application is rejected summarily for non-payment of requisite fee. You may file a fresh application with requisite fee of Rs. 10 in the form of IPO, DD, Cash etc.

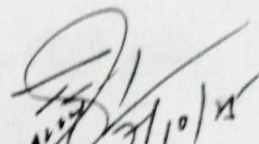

If you are not satisfied with the information provided you may file an appeal within 30 days from the date of receiving this information by post or mail whichever is earlier.

Further you are advised not to ask information to experiment, defeating the aims and objectives of the provision of RTI Act 2005, which does not want the officers of organisation to remain busy in searching and collecting information and thus wasting precious government time.

Address of the First Appellate Authority
